

HSF01 Adjustment mount for translation in x- and y-direction

PRODUCT FEATURES

- ▲ Mount for 1inch optics
- ▲ Translation in x- and y-direction

APPLICATIONS

Alignment of

- ▲ beam shapers
- ▲ lenses
- ▲ other optical elements

For alignment of TOPAG Top Hat beam shapers a x-y positioner is recommended. The positioner HSF01 allows translation of the mounted beam shaper in x- and y-directions. HSF01 can also be used for other (dia. 1inch) optics.

SPECIFICATIONS

Travel range	max. 3 mm
Clear/free aperture	23mm
Substrate sizes	Ø25.4 mm thickness max. 6mm (max. 7mm without plastic rings)
Positioning	Fine adjustment screws with 0.25mm pitch
Mounting to post	M6x7 threaded hole
